

Ljevaonica Bujan d.o.o.

Name of company	LJEVAONICA BUJAN d.o.o. Aluminium alloy casting foundry
Address of company	Madžarevo 254a , HR-42220 NOVI MAROF, Republic of Croatia
Contacts	Phone: 00 385 (0)42 205 300 Fax: 00 385 (0)42 205 100 Mail: info@ljevaonica-bujan.hr
Web page	http://www.ljevaonica-bujan.hr
Materials of castings:	aluminum alloys Al-Si
Capacity of production	200 tons per year
Production program	gas filter housings high-voltage transformer housings
Equipment in foundry	two gas furnaces (capacity 350 kg each), Nabertherm , Hindenlang two oil furnaces five moulding machines shot blasting machine, grinding machine three CNC machining centres three CNC lathes erode machine
Quality	HRN ISO 9001:2009 AD 2000- Merkblatt W 0 Pressure Equipment Directive 97/23/EC (PED) We are the first foundry in Croatia certified to cast aluminium alloy pressure Vessels in accordance with the European Union standards.
